Jnode Reloadable Plugins

Contents

- Goals
- Plugin types
- Classloading

Goals

- Make plugins reloadable
- Make plugins loadable from all locations
-

Plugin types

- System plugins:
  - NOT reloadable
  - Loaded via system classloader
- Regular plugins:
  - Reloadable
  - Loaded via PluginClassLoader

Classloading

- Class is regular plugins may reference:
  - Classes in the same plugin
  - Classes in plugins required by this plugin
  - Classes in system plugins
- Use ContextClassLoader for a class from any (loaded) plugin
